Energy Performance Certificate

Address of dwelling and other details

36 Victoria Park Drive North

Glasgow G14 9NL Dwelling type:

Name of protocol organisation:

RICS

Membership number:
Date of certificate:

RICS052844 15 April 2010

Mid-terrace house

Reference number: Type of assessment: Total floor area: 7500-3848-0329-7093-1403 RdSAP, existing dwelling

83 m²

Main type of heating and fuel:

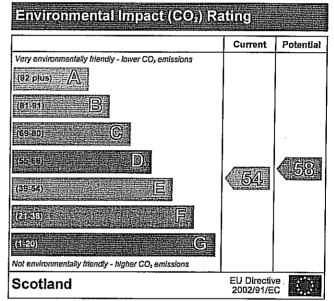

Boiler and radiators, mains gas

This dwelling's performance ratings

This dwelling has been assessed using the RdSAP 2005 methodology. Its performance is rated in terms of the energy use per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide (CO₂) emissions. CO₂ is a greenhouse gas that contributes to climate change.

Energy Efficiency Rating Current Potential Very energy efficient - lower running costs (92 plus) A (81-91) B (69-80) C (49-54) E (21-38) G Not energy efficient - higher running costs Scotland EU Directive 2002/91/EC

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills are likely to be.

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO₂) emissions. The higher the rating the less impact it has on the environment.

Approximate current energy use per square metre of floor area: 318 kWh/m² per year

Approximate current CO₂ emissions: 53 kg/m² per year

Cost effective improvements

Below is a list of lower cost measures that will raise the energy performance of the dwelling to the potential indicated in the tables above.

- 1 Increase loft insulation to 270 mm
- 2 Upgrade heating controls

A full energy report is appended to this certificate

Remember to look for the energy saving recommended logo when buying energy-efficient products. It's a quick and easy way to identify the most energy-efficient products on the market.

Information from this EPC may be given to the Energy Saving Trust to provide advice to householders on financial help available to improve home energy efficiency.
