## **Energy Performance Certificate**

## Address of dwelling and other details

2 Glendevon Farm Cottage Old Gallows Road Perth PH1 1QE

Dwelling type:

Membership number: Date of certificate: Reference number:

Type of assessment: Total floor area:

Main type of heating and fuel:

End-terrace house Name of approved organisation: Stroma Certification

STRO003123 15 July 2012

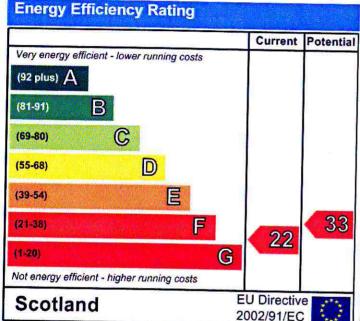

0100-2146-4230-9902-6575 RdSAP, existing dwelling

80 m<sup>2</sup>

Boiler and radiators, electric

## This dwelling's performance ratings

This dwelling has been assessed using the RdSAP 2009 methodology. Its performance is rated in terms of the energy use per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide (CO<sub>2</sub>) emissions. CO<sub>2</sub> is a greenhouse gas that contributes to climate change.

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills are likely to be.

Environmental Impact (CO2) Rating Current Potential Very environmentally friendly - lower CO2 emission. (92 plus) A (81-91)B (69-80)C (55-68)D (39-54)E 41 (21-38) F 32 (1-20) G Not environmentally friendly - higher CO2 emissions **EU Directive** Scotland 2002/91/EC

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO)₂emissions. The higher the rating the less impact it has on the environment.

Approximate current energy use per square metre of floor area: 519 kWh/m² per year Approximate current CO<sub>2</sub> emissions: 92 kg/m<sup>2</sup> per year

## Cost effective improvements

Below is a list of lower cost measures that will raise the energy performance of the dwelling to the potential indicated in the tables above

- 1 Cavity wall insulation
- 2 Low energy lighting for all fixed outlets

A full energy report is appended to this certificate

Remember to look for the energy saving recommended logo when buying energy-efficient products. It's a quick and easy way to identify the most energy-efficient products on the market.

Information from this EPC may be given to the Energy Saving Trust to provide advice to householders on financial help available to improve home energy efficiency

N.B. THIS CERTIFICATE MUST BE AFFIXED TO THE DWELLING AND NOT BE REMOVED UNLESS IT IS REPLACED WITH AN UPDATED VERSION
