# **Energy Performance Certificate**

# Address of dwelling and other details

Meikle Inch Lane,

Bathgate, EH48 2UF Dwelling type:

Top-floor flat

Name of approved organisation:

Elmhurst Energy Systems Ltd

Membership number:

EES/006133 17 November 2009

Date of certificate: Reference number:

9733-1901-0209-0781-7004

Total floor area:

61 m<sup>2</sup>

Main type of heating and fuel:

Boiler and radiators, mains gas

## This dwelling's performance ratings

This dwelling has been assessed using the RdSAP 2005 methodology. Its performance is rated in terms of the energy use per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide (CO<sub>2</sub>) emissions. CO<sub>2</sub> is a greenhouse gas that contributes to climate change.

### **Energy Efficiency Rating** Current Potential Very energy efficient - lower running costs (92 plus) В (81-91) 83 81 C (69-80) (D) (55-68)E (39-54)F (21-38)G (1-20)Not energy efficient - higher running costs EU Directive Scotland 2002/91/EC

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills are likely to be.

Environmental Impact (CO<sub>2</sub>) Rating Current Potential Very environmentally friendly - lower CO2 emissions A (92 plus) B (81-91) 81 80 C (69-80) D (55-68) 区 (39-54)F (21-38)(1-20) Not environmentally friendly - higher CO2 emissions **EU Directive** Scotland 2002/91/EC

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO<sub>2</sub>) emissions. The higher the rating the less impact it has on the environment.

Approximate current energy use per square metre of floor area: 159 kWh/m² per year

Approximate current CO2 emissions: 26 kg/m² per year

## Cost effective improvements

Below is a list of lower cost measures that will raise the energy performance of the dwelling to the potential indicated in the tables above. Higher cost measures could also be considered and these are recommended in the attached energy report.

1 Low energy lighting for all fixed outlets

# A full energy report is appended to this certificate

Information from this EPC may be given to Energy Saving Trust to provide advice to householders on financial help available to improve home energy efficiency.
