# Energy Performance Certificate

## Address of dwelling and other details

ST OSWALDS GLEBE GLASGOW

G44 4LH

Dwelling type:

End-terrace house Name of approved organisation: BRE Certification

Membership number: Date of certificate:

BREC000132 02 December 2011

Reference number: Type of assessment: 9140-2792-2020-9809-5855 RdSAP, existing dwelling

Environmental Impact (CO.) Rating

Total floor area:

97 m<sup>2</sup>

Main type of heating and fuel:

Boiler and radiators, mains gas

#### This dwelling's performance ratings

This dwelling has been assessed using the RdSAP 2009 methodology. Its performance is rated in terms of the energy use per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide (CO2) emissions. CO2 is a greenhouse gas that contributes to climate change.

## Energy Efficiency Rating Current **Potential** Very energy efficient - lower running costs (82 plus) В (51-91) 75 76 (89-80) 155-881 (39-54) (21.38) G Not energy afficient - higher running costs EU Directive 2002/91/EC Scotland

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills are likely to be.

### Current Potential Vary servicementally fraudly - tower CO, ambasins: (92 plus) (81-91) 75 76 (89.8m) (65-88) E (39-54) 21-38

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO2) emissions. The higher the rating the less impact it has on the environment.

Not servicementally fraudly - higher COs empaions

Scotland

G

Approximate current energy use per square metre of floor area: 142 kWh/m² per year

Approximate current CO₂ emissions: 27 kg/m² per year

#### Cost effective improvements

Below is a list of lower cost measures that will raise the energy performance of the dwelling to the potential indicated in the tables above. Higher cost measures could also be considered and these are recommended in the attached energy report.

1 Low energy lighting for all fixed outlets

A full energy report is appended to this certificate

Remember to look for the energy saving recommended logo when buying energy-efficient products. It's a quick and easy way to identify the most energy-efficient products on the market.

Information from this EPC may be given to the Energy Saving Trust to provide advice to householders on financial help available to improve home energy efficiency.
