

Energy Performance Certificate

Address of dwelling and other details

29 WHIRLBUT CRESCENT,
DUNFERMLINE,
KY11 3AE

Dwelling type: Ground-floor flat
 Name of approved organisation: D M Hall Chartered Surveyors LLP
 Membership number: RICS070752
 Date of certificate: 22 June 2009
 Reference number: 0120-2792-3060-0721-2465
 Total floor area: 69 m²
 Main type of heating and fuel: Boiler and radiators, mains gas

This dwelling's performance ratings

This dwelling has been assessed using the RdSAP 2005 methodology. Its performance is rated in terms of the energy use per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide (CO₂) emissions. CO₂ is a greenhouse gas that contributes to climate change.

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills are likely to be.

Approximate current energy use per square metre of floor area: 307 kWh/m² per year

Approximate current CO₂ emissions: 51 kg/m² per year

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO₂) emissions. The higher the rating the less impact it has on the environment.

Cost effective improvements

Below is a list of lower cost measures that will raise the energy performance of the dwelling to the potential indicated in the tables above. Higher cost measures could also be considered and these are recommended in the attached energy report.

- | | |
|---|---------------------------------|
| 1 Add additional 80 mm jacket to hot water cylinder | 3 Hot water cylinder thermostat |
| 2 Low energy lighting for all fixed outlets | 4 Upgrade heating controls |

A full energy report is appended to this certificate

Information from this EPC may be given to Energy Saving Trust to provide advice to householders on financial help available to improve home energy efficiency.
